

Congratulations on your new family member!

Our philosophy.....

Peachtree Hills Animal Hospital takes a slightly different approach to client and patient care from many other hospitals. We've always believed that our focus should not be only on your pet, but on *your* understanding and expectations as well. The diagnosis and treatment of animals is a critical part of our job, but we must also thoroughly explain disease, treatments, and possible outcomes to the owners. We understand that your pet is a family member, and therefore the treatments we recommend must be appropriate for your pet and reasonable for your family.

Our goal is to serve you with care, concern and honesty. If you feel there are any areas in which we could improve, we encourage you to let us know!

Dr. Tara Rittle

Dr. Leslie Priest

Dr. Laura Schneider

Hours: We are open Monday through Friday from 8:00 AM to 6:00 PM. Because we understand that busy schedules can sometimes make it difficult to schedule an appointment for your pet, we also offer the option of dropping off your pet in the morning and picking up in the afternoon or evening.

Appointments:

In order to allow sufficient time for our patients, we see patients by appointments. Although walk-ins are accepted, we recommend that you schedule an appointment so that you will not have to wait to be seen by the veterinarian.

Fees for services:

Our fees are based on maintaining the high quality of care we are proud to provide. Payment is requested at the time services are rendered. For your convenience, we accept Mastercard, Visa and American Express.
